SUMMARY

A highly resourceful, innovative, and competent full-stack developer experienced in both front-end and back-end development of web applications. Experienced in the development of web applications using a variety in script languages, database languages, and artificial intelligence.

WORK EXPERIENCE

Secondary Math Teacher – Wilby High School 08/2009 – 06/2015
Taught Geometry, Algebra I & II, and Pre-Calculus to students in grades 9-12.

Administrative Assistance – SPS National Lab 06/2016 – 01/2017
Managed billing, data entry and maintaining communication with outside clients

RELEVANT EXPERIENCE

Freelance Developer – Orlando Florida 08/2017 - Present
Worked with clients and met requirements for the functional elements of website projects while ensuring that all work carried out to standards and best practices. Consulted clients

KEY SKILLS AND COMPETENCIES

- Front-end layouts and design using HTML5, CSS3 and Bootstrap 3&4
- Creating responsive layouts with and without bootstrap
- Developing advanced database driven websites SQL and MongoDB using PHP and Node Js.
- Developing and making accessible *RESTful API's*
- Developing compatible user interface functionality using jQuery & other libraries.
- Developing Node applications with Handlebars, EJS, PUG templating engines
- Developing Node applications using React JS for user interface.
- Create a full stack Single Page Application with AJAX communication
- Created chat-bots and voice command assistance

APPLICATIONS BUILT

Voice Command App

- Built using IBM-Watson conversation service this application allows you to add styling to the applications, send emails, post tweets, and retrieve housing data from Zillow all using voice command (under construction)
- See Github for directions Link: <https://github.com/snowghost24/finalProject>
- Link: <https://voice-assistance.herokuapp.com/>

Curriculum-It

- This app allows you to keep track of courses. After login you can create a course, enroll in course, move to in progress and complete the course. The courses are stored in a SQL database.
- I was responsible for creating the login/log and the ORMs
- See Github: <https://github.com/snowghost24/Curriculum-it>
- Link: <https://whispering-garden-26491.herokuapp.com/>

ACADEMIC QUALIFICATIONS

Full-Stack Developer Certificate

University of Central Florida

Completed

09//2017 – 11/2017

Master of Arts in Mathematics

Western Connecticut State University

06/2012 – 12/2015

Bachelor's of Science in Economics
